The Committee has shown the area concerned and have requested them to look to their own file and submit a report within one week positively and on or before 12.06.2023 on email – vivekkumartandon@gmail.com, tandonadvocates@gmail.com.

Pertinent to add that it was on account of the efforts of the committee that the land encroached by jhuggis was got vacated. Suddenly, it was found that flats were constructed, Thereafter, alternate site was proposed by DDA.

Unfortunately, the way the things are moving, as of today, the Committee has apprehension that even the alternative area will be permitted to be encroached upon by the authorities as no steps for the last few years has been undertaken despite assurance, as is apparent on the site.
